TO ISRAEL WITH  FROM YOU!

A WORD FROM RABBI NEW

The images on these pages should bring you a sense of comfort and a deep sense of pride. They are just a small window into the light you have helped bring to a world that seems so engulfed in darkness.

Your support lit up the faces of so many in Israel. From family members sitting Shiva for a loved one, to family members of the hostages, wounded soldiers in hospitals, soldiers on active duty and displaced families from the South and North of Israel.

Locally you lit up thousands of faces this Chanukah with joy, unity and celebration. And your care enlightening minds and hearts, young and old, with the light of the Torah's teachings.

The myriad moments of light that your continued support generates will hopefully inspire you to be ever mindful of the power of hope over despair, faith over doubt, sanity over madness, truth over falsehood, clarity over confusion and the ultimate victory of light over darkness.

Thank you for your generosity.

Thank you for being a shining light.

Am Yisrael Chai!

With blessings of safety, security and victory for our brothers and sisters in Israel, and Jews and all freedom loving people the world over.

I want to thank the Boca Beach Chabad community for helping us deal with the very, very difficult situation that we find ourselves in, helping us protect the Shluchim/emissaries that we have here in Ashkelon. The funds are going to buying helmets to protect the Shluchim while they do activities. They find themselves exposed to the rockets and the missiles much more than any average civilian, living here in the Ashkelon area.

Wounded soldiers at Soroka and Shiba Tel HaShomer Hospitals

I spent the past few days with Rabbi Ruvi from Boca Beach Chabad, and I want to say thank you very much for your visit during this time of war in Israel. You came with us to families who have lost their loved ones, and to wounded soldiers in the hospital, and you gave so much love. And especially Rabbi Ruvi's singing, with a song for every soldier. They will remember this their whole lives. So I want to say thank you very much. We are in Israel, we'll continue our work to help the wounded soldiers and families, day by day, for a long time, and Be'ezrat Hashem, we'll hear good news from you, and from all of Am Yisrael. And for your help, and your community's help, I want to say thank you very much, it is so important for us to know that you are with us, you are with Israel, and you help us to continue our work to help families.

“

Good Afternoon Rabbi New,
I just wanted to send a huge thank you.
You did a great job and the public
absolutely loved it. I was especially
moved by your uplifting words. The
lighting of the Menorah and the dancing
to Hanukkah music was wonderful as
well. It was a joy to get to experience
that.
Thank you very much again for bringing
that to our festival. Happy holidays.
Kind Regards,
Skyler Mendieta, Boca Holiday Festival

Dear Rabbi New,
Thank you so much for bringing the light and joy
of Chaunukah to The Addison. It was so special
and powerful for us to come together,
particularly at this time and celebrate the
timeless message of Chanukah of the power of
light over darkness and express our support for
Israel.
I know that the Chanukah Celebration hosted in
our building was done in other condo buildings in
the area as well. Thank you for being such a
unifying presence in our community.

“
Rabbi,
Robin and I want to personally thank you for the Hanukkah celebration last night. Every detail was exquisitely executed. The food and drink were phenomenal. The presentation of speeches by you, the Consulate General, most importantly Professor Dershowitz, were nothing less than riveting! The strength of the message delivered by an 85 year professor, delivered with the vigor of a young man cannot be lost on our people. Enjoy the holiday.

PRESENTING!

Mushka New
Youth Director

Some of my earliest memories are of leading a group of 20 children in song at a Shabbat children's program. I was a child myself!

Growing up the oldest of 6 siblings and immersed in community outreach as the daughter of Chabad emissaries was the foundation for what would inspire my passion for children. After completing my bachelor's degree, I worked with special needs children as an ABA therapist before marrying Yosef and moving to Boca.

As a new Mom, I consider it a great privilege to provide a loving space for children, who are the future of the Jewish people, to connect with their heritage and explore their Jewish identity engagingly and meaningfully. That is why I am so excited to introduce new and innovative programming for the families in our community.

Our Mommy & Me employs music and movement to nurture new skills and love for Judaism in our little ones. Our holiday programming is infused with Arts and emergent learning, including latke and challah bake-offs, shofar and menorah building factories, and model seders to name a few.

One of my favorite parts about spearheading this new initiative has been inviting families into our home for Shabbat dinners and play dates, seeing our children connect and enjoy each other's company, and watching as our community grows and expands in immeasurable ways.
